## LOUVOLITE ONE TOUCH® ROLLER MOTORISATION

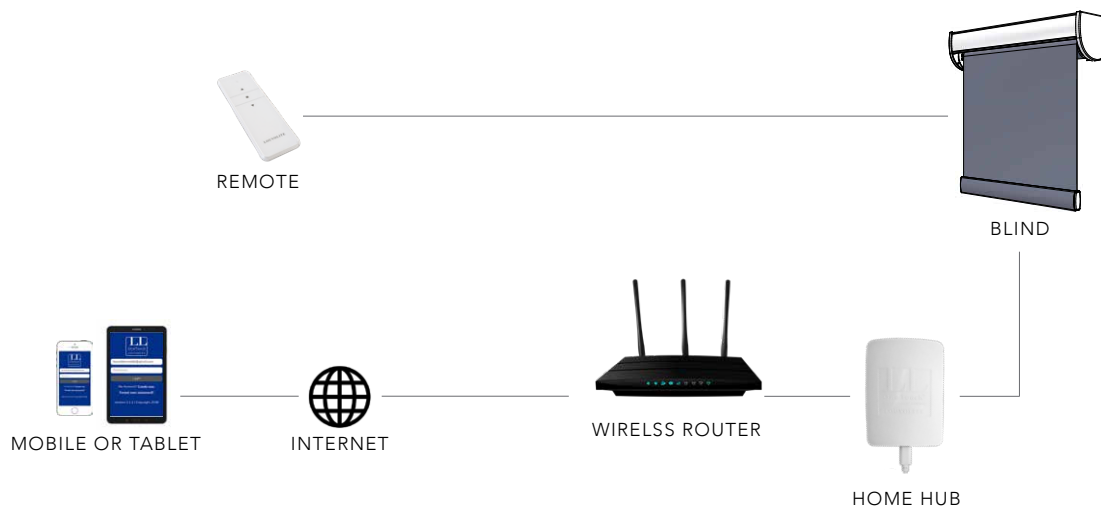

Louvolute One Touch® makes luxury affordable with motorisation accessible to all. This innovative battery operates single or multiple blinds with either remote control or app control on mobile phone or tablet.

Our app allows users to schedule their blinds operation for added convenience and enhanced home security when they're away from home.

The rechargeable battery powered solution removes the need for mains wiring, making motorised blinds easy to install without disruption to the interior decor.

Louvolute One Touch® is a popular choice for the multiple windows, shading large bi-fold doors or just for those that want easy blind operation on the go or from the comfort of the sofa.

## CONTROL YOUR BLINDS *remote control, mobile phone or tablet*

## KEY BENEFITS OF LOUVOLITE

*One Touch motorisation*

- Innovative yet affordable contemporary technology for the modern home and office.
- Operate at home or away with the downloadable app.
- Improved home security using the app to schedule the blinds when you are out or away on holiday.
- Use schedules to save energy.
- Control multiple blinds individually or all together.
- Child safe by design.

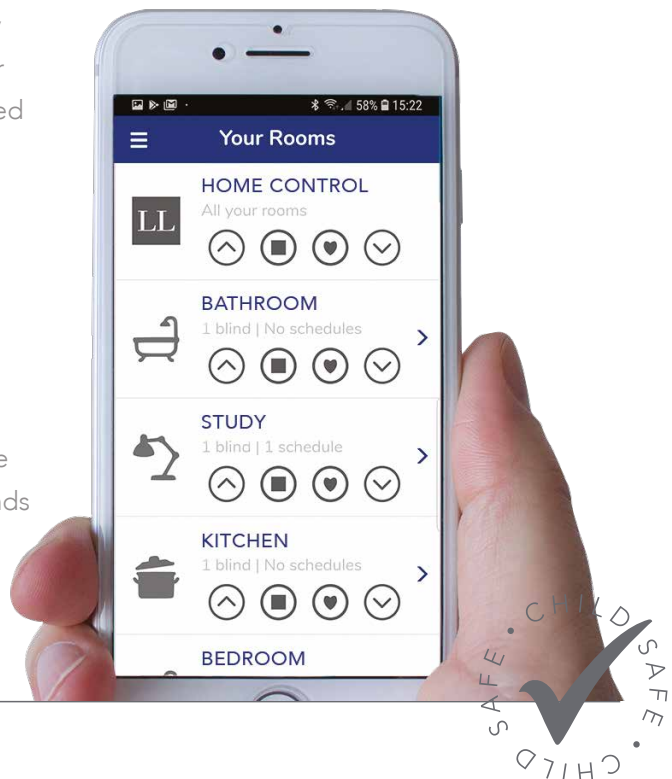

# CONTROL BLINDS FROM anywhere in the world

One Touch motorised blinds can be operated for the utmost in convenience. They can be raised and lowered directly with a remote control or by mobile phone or tablet from anywhere in the world using our downloadable app.

Using the free to download app provides additional options such as multi room control and the ability to set timers and daily schedules – ideal for extra home security, enhanced privacy and improved energy saving.

Mobile and tablet activation are all achieved by connecting smart devices to home broadband via WiFi using our Home Hub. The Louvolite Home Hub connects via WiFi and operates the One Touch® Lithium 1800 Series.

- Improves home security with the ability to open or close the blinds when either in or out of the home. Ideal for improved security when on holiday.
- Free, easy to use app available for IOS and Android.
- By scheduling to close your blinds you can keep the heat in or out and save more energy.
- Use smart phones or tablets to view the rooms in the home and control the blinds within them.
- Control up to 15 blinds per room, individually or all together.

# RECHARGEABLE BATTERY 1800 SERIES

*available as Roller*

NEW
